Questo certificato è emesso da un sistema computerizzato ed è valido senza firma. Il certificato originale forma il marchio "Tenaris" e colore verde. Il possessore dell'originale, qualora filiasi copia, deve assicurarsi che la copia sia conforme all'originale e che il marchio "Tenaris" e colore verde siano presenti. Il certificato originale non deve essere distrutto. Altrimenti, il certificato sarà considerato non valido.

This certificate is issued by a computerized system and is valid without signature. On the original certificate the words "Tenaris" and green color are present. The possessor of the original, if a copy is made, must ensure that the copy is in conformity with the original one taking upon himself the responsibility for any unlawful use of the copy. The original certificate must not be destroyed. Otherwise, the certificate will be considered invalid.

Le certificat est édité par un système d'ordinateur et est valide sans signature. Sur le certificat original, les mots "Tenaris" et la couleur verte sont présents. Le possesseur de l'original, dans le cas où il passe une copie, doit s'assurer de l'exactitude de la copie et de la présence du "Tenaris" et de la couleur verte. Le certificat original ne doit pas être détruit. Sinon, le certificat sera considéré comme non valide.

Questo certificato è emesso da un sistema computerizzato ed è valido senza firma. Il certificato originale riporta il numero di controllo e deve essere conservato. In caso di perdita, deve essere richiesto un duplicato. Il certificato non ha valore legale se non è accompagnato dal documento di accompagnamento per il trasporto.

This certificate is issued by a computerized system and it is valid without signature. On the original certificate the check-number, given colour-coded "Ténaris", is stamped. In case the owner of this original certificate would lose a copy of it, he must attest to conformity in the original one taking upon himself the responsibility for any demand for not stamped one. Any alteration of this document will be reported to the law.

Le certificat est rédigé par un système d'ordinateur et il est valable sans signature. Le certificat original mentionne le numéro de couleur codé "Ténaris". Dans le cas où le possesseur de l'original perdrait une copie, il devra attester la conformité de la copie avec l'original en prenant sur lui la responsabilité de tout réclamation pour un document non signé. Toute altération de ce document sera signalée aux autorités compétentes.

n. 110950

Le certificat est rédigé par un système d'ordinateur et il est valable sans signature. Le certificat original mentionne la marque de ceux vers "Tenaris". Dans le cas où le possesseur de l'original délivrera un copier, il devra attester la copie et la responsabilité de la copie sera assumée par le possesseur de la copie. Toute altération ou contrefaçon sera poursuivie à titre de délit.

This certificate is issued by a computerized system and it is valid without signature. On the original certificate the trade-mark green coloured "Tenaris" is stamped. In case the owner of the original certificate would release a copy of it, he must attest the copy and the responsibility for any unlawful copy will be assumed by the copyholder. Any alteration or falsification will be prosecuted as a crime.

Quando certificato è emesso da un sistema computerizzato e il marchio verde "Tenaris" è stampato sul certificato originale, non è necessaria la firma. In caso di rilascio di una copia del certificato, questa deve essere attestata e la responsabilità della copia sarà assunta dal possessore della copia. Qualsiasi alterazione o falsificazione sarà perseguita a termini di legge.

Es wird bestätigt, daß die Lieferung geprüft wurde und den oben angeführten Prüf- und Lieferbedingungen entspricht.
Hereby it is certified that the material has been tested and complies with the above mentioned technical requirements and terms of delivery.
Nous certifions que les produits livrés étaient vérifiés et sont conformes aux stipulations de la commande.
Die gestellten Anforderungen sind lt. Anlage erfüllt./The requirements are fulfilled as per enclosures.
Les conditions requises sont remplies. Voir annexe.
Sämtliche Rohre haben den oben angeführten Wasserinnendruckversuch bestanden, sie sind dicht und haben freien Durchgang.
The tubes/pipes have passed the above mentioned hydraulic pressure test without leakage and have a free passage.
Tous les tubes ont subi avec succès l'épreuve hydrostatique dénommée ci-dessus, ne sont pas obstrués et sont étanches.
Der Rohrwerkstoff entspricht nach Markenbezeichnung und Gütestufe den angegebenen Lieferbedingungen.
The material of the tubes/pipes complies with the terms of delivery described above.
Le matériau des tubes répond à la nuance d'acier, au degré de qualité de la norme indiquée.
Die Rohre befinden sich über ihre ganze Länge in sachgemäßem Wärmebehandlungszustand.
The tubes/pipes are in a relevant heat-treated condition./Sur toute leur longueur, les tubes sont dans un bon état thermique.
~~Lieferzustand/Condition of Delivery/État de livraison: normalisiert/normalized/normale - vergütet/heat-treated and~~
~~temperé/trémpé et revenu - galdé/annealed/écroui~~
Die Vorbehandlung des Vormaterials wurde entsprechend Gütestufe III durchgeführt.
The preparatory treatment of the material complies with grade III.
La préparation des matières premières répond au degré de qualité III.
~~Die Prüfung auf Werkstoffverwechslung wurde an allen Rohren durchgeführt./Each tube/pipe is tested for exchange of material.~~
~~Vérification de la nuance (chaque tube).~~
