Technical Documentation

Electro magnetically controlled
Steering Lever Flap Valve

I. Type: PKIII DN 600 PN10

II. Type: PKIII DN 700 PN10

KÜHME-Com. N°.: 3.7684/05
Specialist: Kerstin Bentrop
☎ 02 34-2 98 02-52
E-Mail: bentrop@kuehme.de

Order-N°.: 4500024720
Project: Kosice
Customer: Air Liquide AGS GmbH

Table of contents:

Certificates

I. PKIII DN 600 PN 10

1. Valve Specification
2. Dimensional drawing / Control scheme
3. Sectional drawing
4. Assembly-, operating- and maintenance instructions
5. Valve accessories
 - Pneumatic actuator D200/Hub 300
 - Compressed air receiver 003.1730.02.04
 - Filter regulator 67 CFR-226
 - Inductive limit switch NJ6-22-SN-G
 - 5/2-way solenoid valve 9710535.0763.0Z
 - Needle Valve Type: 110
 - Non-return valve MR33021
 - Strainer 60-1 SE
 - Ball valve ZF 311021
6. Spare part list

II. PKIII DN 700 PN 10

7. Valve Specification
8. Dimensional drawing / Control scheme
9. Sectional drawing
10. Assembly-, operating- and maintenance instructions
11. Valve accessories
 - Pneumatic actuator D200/Hub 300
 - Compressed air receiver 003.1730.02.04
 - Filter regulator 67 CFR-226
 - Inductive limit switch NJ6-22-SN-G
 - 5/2-way solenoid valve 9710535.0763.0Z
 - Needle Valve Type: 110
 - Non-return valve MR33021
 - Strainer 60-1 SE
 - Ball valve ZF 311021
12. Spare part list

III. Inspection Certificate
