Air Compressor RIK 80-4

KOSAIR 2004

MAN Project No.: N 710 0175 / Machine No.: 61334

BOOK	SECTION	CONTENT
1	2	Compressor RIK 80-1+1+1+1
	2.1	Casing cast - Material certificates - Magnetic particle examination - Ultrasonic examination
	2.2	Casing complete - Hydrostatic pressure test
	2.3	Inlet Casing - Material certificate
	2.4	Internals - Material certificate
	2.5	Shaft - Material certificate - Ultrasonic examination
	2.6	Rotor assembled - High speed balancing - Mechanical and electrical run out
	2.7	Impellers - Material certificate - Ultrasonic examination - Mech. properties after post weld heat treatm. - Overspeed test - Dye pen. examination
